**Subject:** Walmart FDIC application

I am very much opposed to Wal-Mart's application for FDIC insurance. The Wal-Mart Company's record in how they manage their retail stores and how they treat their employees is deplorable and very UN-American.

I would NEVER put my trust in a Wal-Mart bank. I never buy at Wal-Mart's since I read how their employees are treated so unfairly and how they do business with China and China's workforce at the expense of American workers.

Sincerely
